

The power to improve your neighbourhoods

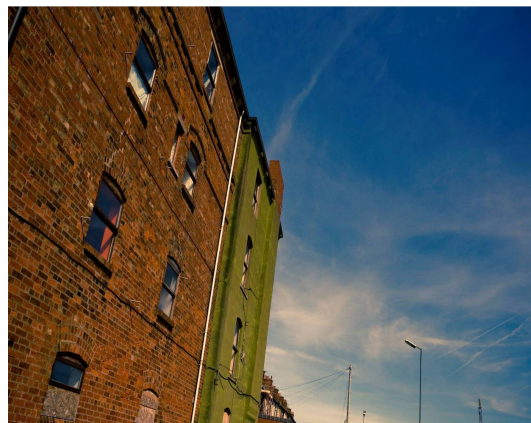

Accredited Programme for Councillors Working in Neighbourhoods Level 2

As a result of the overwhelming success of our Working in Neighbourhoods accredited course (NCFE Level 2), we are delighted to offer 3 further programmes to councillors in the North West.

What's in it for you?

- A breadth of knowledge and skills that councillors need to help them work effectively within their neighbourhood
- A better understanding of your role within your community and how it relates to other organisations working within your neighbourhood
- A stronger understanding of the challenges and issues that face different groups within neighbourhoods today

What do you get for your investment?

- A five-day, interactive learning programme, delivered by two qualified and experienced trainers
- Varied methods of delivery including practical exercises, group discussion and networking
- Free supporting handouts and reference resources

What do people think?

Councillors who have previously attended the programmes have said:

Neighbourhood working is an essential and effective use of resources in addressing community needs. Professionals need to complete this course.

Councillor Marie Rimmer, St Helens MBC

As a fairly new councillor, I have found the course an excellent toolkit...

Councillor Mike Shepherd, Halton BC

This is a very good course, totally relevant to the role of Councillor

Councillor Jenny Hothersall, South Ribble BC
