

The power to improve your neighbourhoods

## Working Together Package

At Neighbourhoods NW we've created our **Working Together Package** to provide essential practical skills and knowledge for those people working and living in neighbourhoods who, in line with David Cameron's vision, want to create a Big Society for themselves.

The package consists of 4 essential workshops which can be delivered either together, mixed and matched or individually.

### Creating Successful Partnerships

1 day workshop - £100

### Practical Problem Solving

1 day workshop - £100

### Participatory Budgeting

1 day workshop - £100

### Community Cohesion

1 day workshop - £100

\*Neighbourhoods NW members receive a **25% discount** on the cost of all individual courses and an extra **5%** when booking all four courses in the **Working Together Package**.

***“The Big Society is about saying if we want real change for the long-term, we need people to come together and work together – because we’re all in this together.”***
